CLOUD SECURITY

June 19, 2024

5:30 PM-9:00 PM

Eastern Time

The speed, flexibility, and scale of cloud computing has fundamentally transformed business operations and competitive dynamics. As organizations accelerate innovation, an overwhelming majority of IT executives regularly cite security as the #1 challenge when operating in the cloud. With adversaries increasingly targeting cloud services with both opportunistic and targeted attacks, how can security leaders devise a multi-cloud security strategy that not only works with the business to enable agility but also protects vital corporate secrets and customer data? Join the discussion as our panel examines cloud security challenges and potential countermeasures.
