TRANSFORMING NETWORK SECURITY WITH AI-POWERED SASE

May 10, 2023
5:30 PM-9:00 PM

Eastern Time

www.cvisionintl.com

Recent advancements in Artificial Intelligence (AI) have captured the imagination of the world, and the way we work right is getting transformed right in front of our eyes. It is imperative for the modern IT leaders to leverage the power of AI/ML to deliver productive and secure experiences for their organizations. Join us in this executive roundtable to hear about: Why a unified approach to SASE is critical for leveraging AI How AI/ML can deliver better security, networking and operational outcomes Best practices to adopt SASE that sets you up for success
