# Kick-Off & Introductions

Cloud Acceleration (CloudAx) Day is an interactive workshop that invites participants to work through a migration use case in a team environment, simulating a real-world scenario. Unlike traditional workshops, CloudAx Day leverages exploratory and experience based learning, encouraging participants to creatively problem-solve technical and organizational challenges with insight from migration & modernization experts.

# Navigating Migration and Modernization

Navigating complex migration and modernization projects can not only be challenging, it also demands significant resources. Join us to discover how our AI-fuelled engineering framework and tools can not only accelerate those projects but make them more successful in terms of the swift realization of the benefits of cloud.
