August 14, 2025

The first wave of GenAI proved what's possible. The next wave is about scaling what works—securely, efficiently, and with real business outcomes in mind. Join an invite-only dinner with fellow HCLS leaders, including those building SaaS platforms and digital solutions, to explore how the most forward-thinking teams are moving beyond experimentation and into practical, high-impact GenAI deployments. We'll dive into use cases, measurable results, and the strategies driving innovation across clinical, operational, and commercial domains.
