August 14, 2025
5:30 PM-9:00 PM

Eastern Time

The first wave of GenAI proved what's possible. The next wave is about making it secure, compliant, and scalable. Join an invite-only dinner with AWS, Loka, and fellow healthcare leaders to discuss how teams are moving away from risky, expensive OpenAI models and adopting AWS-native GenAI. This conversation goes deep into how others are deploying it—real implementations, real results, and how to future-proof your strategy.
