FINANCE TRANSFORMATION IN THE OFFICE OF THE CFO

March 26, 2026

5:30 PM-9:00 PM

Central Time

Join fellow finance leaders for an intimate, moderated dinner discussion exploring how enterprise AI agents are transforming the CFO's office. As finance teams spend 70% of their time on manual tasks, AI agents are revolutionizing critical processes like quote-to-cash and procurement-to-payment—eliminating 15+ manual handoffs and cutting month-end close cycles from 5-7 days to hours. Discover how leading organizations are deploying AI agents that handle complex business judgment, maintain accuracy and compliance, and free finance teams to drive strategic value.
