NAVIGATING THE COMPLEXITIES OF OT SECURITY

September 02, 2024
5:30 PM-9:00 PM

Japan Standard Time

Join us for an evening focused on the critical challenges in OT security. In this intimate gathering with industry peers, we will explore the evolving OT threat landscape and discuss the latest trends and common challenges in securing operational technology. Gain insights from security leaders as they share real-world experiences insights from the OT environment. This exclusive event is an opportunity to network, exchange ideas, and enhance your OT security approach in a focused and collaborative setting
