GENAI IN ACTION: REAL-WORLD PLAYBOOKS FOR SUSTAINABLE HEALTHCARE TRANSFORMATION

August 01, 2024

5:30 PM-9:00 PM

Central Time

Join healthcare leaders for a high-level discussion on harnessing Generative AI (GenAI) to revolutionize healthcare. Dive into topics like automating patient care navigation, transforming revenue cycle management, enhancing care transitions, and leveraging GenAI-powered IT concierge services. Additionally, explore how to navigate digital health regulations with GenAI, all while maximizing patient experiences, optimizing workflows, and addressing ethical considerations to drive real-world impact in healthcare delivery.
