DBT LABS COCKTAIL RECEPTION

March 19, 2026

4:00 PM-7:00 PM

Eastern Time

Join dbt Labs and Microsoft for an exclusive executive cocktail reception during Microsoft FABCON! dbt Labs is bringing together data, analytics, and technology leaders for an evening of meaningful conversation, networking, and insight. This private gathering offers the perfect opportunity for CIOs CTOs and Executive Technology leaders to unwind after a full day of conference sessions while connecting with peers over curated cocktails and cuisine in a relaxed setting.

The evening will feature Tristan Handy, Founder and CEO of dbt Labs. Tristan has over two decades of experience as a data practitioner and is widely recognized for helping shape the field of analytics engineering.

Since 2016, dbt Labs has focused on helping organizations transform data into trusted, actionable knowledge. dbt has become a standard for AI-ready structured data, enabling more than 80,000 data teams worldwide, including JetBlue, Siemens, Roche, and Condé Nast, to scale analytics and deliver trusted insights.

Unwind after a full day at FABCON with great drinks, great food, and even better company among fellow executive leaders in the technology space!
