DRIVING BUSINESS VALUE THROUGH CLOUD MODERNIZATION

June 05, 2025
6:00 PM-9:30 PM

United Kingdom Time

Cloud modernization is more than just a technical upgrade - it's a strategic imperative for organizations aiming to drive meaningful business value. As companies accelerate digital transformation, modernizing legacy systems and migrating to the cloud enables greater agility, scalability, and resilience.

This session will explore how IT and business leaders can unlock the full potential of cloud modernization to improve operational efficiency, reduce costs, and enable faster innovation.

Attendees will gain insights into aligning cloud strategies with business objectives, overcoming common modernization challenges, and leveraging modern cloud architectures to support long-term growth and competitive advantage.
