FUELING BUSINESS GROWTH THROUGH
PROACTIVE SECURITY: LEVERAGING THE
POWER OF GOOGLE CLOUD

June 19, 2025

5:30 PM-9:00 PM

Central Time

In today's digital-first landscape, security is no longer just a defensive play—it's a catalyst for business growth. This session will explore how proactive, cloud-powered security strategies are enabling organizations to reduce risk, accelerate innovation, and gain competitive advantage. We'll examine how forward-looking leaders are shifting the conversation from cybersecurity as a cost center to a business enabler that drives ROI and resilience. Attendees will gain insights into how robust security platforms paired with intelligent automation, threat detection, and hyperscale infrastructure—delivers measurable business value. From consolidating tools to optimizing security spend, the focus will be on unlocking efficiency and freeing up resources for growth-focused initiatives. Featuring real-world success stories and managed security expertise, this session will highlight how organizations are achieving tangible outcomes—from risk reduction to operational agility by making cloud security a strategic asset.
