BEING EFFECTIVE...SECURELY

April 28, 2021

3:00 PM-4:15 PM

Eastern Standard Time (EST)

In the post pandemic era, remote employment is the new status quo. Employers are forced to implement and improve the digital workplace by providing productivity tools and accessibility to company resources. In this session, we will share case studies of successful digital workplace implementations, including how to deal with the inherent security risks of expanded accessibility to company resources. In this session you will learn from real working examples the keys to implementing a successful digital workplace including how to evaluate the potential ROI from the different security strategies available.

CHAIR

Igor Volovich
